GOLF CANNON CANADA

The most fun activity for a scramble tournament. The golf cannon tee shot. Book now to have everyone talking about your tournament.

What they say: The most fun activity ever! My best drive ever!

NOTE: Golf Cannons decline to be involved with a PAY TO PLAY fundraiser. By this we mean the golf cannons must be included as a complimentary activity for all golfers. Golfers must not be asked, at the teebox, to pay to shoot the golf cannons.

What's included in the packages?

Standard 20 golfers to 144 golfers tournament

- Your choice of PVC or Stainless-Steel Cannons (see pricing chart)
- Compressed Air
- Operators – trained to manage the cannons and give instruction on safe usage of our Cannons.
- **Anti-spin self correcting cannon specific golf balls (Polara)**

What is the difference between PVC and Stainless Steel?

- About 200 yards!
- The PVC cannons are lighter and smaller – we recommend a distance of up to 300 yards
- The Stainless-Steel Cannons are bigger – great for 500 yards!
 - Yes, the SS Cannons can handle a par 5 and drop your tee shot on the green

Do they kick?

The most asked question. No, the cannons are an air cannon, with no kick. Easy to handle – and women love them... Well, almost as much as the guys!

What are my options?

Operators (trained Cannon Staff)	Cannons	Air Fill Tanks	PVC Cannon (up to 300 yards)	Stainless Steel (up to 500+ yards)
1	1	2	\$2000	\$2250
2	2	3	\$2500	\$3000
3	4	4	\$3500	\$4500

Prices above do not include travel, billed at .62 per KM. Destinations outside the Vancouver to Abbotsford corridor require one night's accommodation, the night before the golf tournament, 2 rooms, for staff members.

How long does it take on the tee box with the cannons?

- 1 Cannon and Operator – 8 to 10 minutes per team
- 2 Cannons and Operators – 5 to 7 minutes per team
- **4 Cannons and 2 operators – 2 to 4 minutes per team**

Our Golf Cannon Staff understand the game of golf, we are all golfers, and our goal is to bring value to your event. We work hard to help you keep your event on time! And our golf cannons speed up the pace of play!

Covid protocols:

(Subject to change as required by health protocols, course requirements and event requests)

- Our team is dedicated to keeping our staff, your team and all golfers safe.
- All cannons are wiped with disinfectant wipes in between every Team.
- Our staff uses hand sanitizer throughout the day.
- All our team members are triple vaccinated.

As the events are outdoors, we are not currently required to wear masks; however, all team members arrive and leave with masks and we are happy to wear them during your event if requested.

What we require:

- **Golf cart that can be left with our team for the day. Our staff needs to make multiple trips to shuttle various items, testing and breakdown.**
- We do need access to the course to pre-test the cannons for range and set up
- Cannons must be calibrated for psi settings pre-tournament.
- Garbage can for wipe disposal
- Table and 2 chairs, plus a table/chair at the green for spotters
 - Spotter required at green for any shots over 300 yards.

Provide a keepsake! Team Photos!

Want to give a great memory? Give the gift of team photos! A shared digital file with labelled photos is sent to you for distribution. We are happy to supply a photographer & digitally touched photos for \$500 per day/event.

Why use Golf Cannon Canada?

The cannons are safe, easy to use with no kick back. Both men and women enjoy using the cannons. Gives every team, no matter the skill level, a chance to make birdie!

Unique sponsorship opportunity!

Where do we go?

Our prices include golf courses within the range of North Vancouver to Abbotsford, and Richmond to Maple Ridge.

While we do travel around and outside of British Columbia, please inquire directly about our rates for outside of these areas. Travel outside of the zone is dependent on availability and subject to costs.

Keep in mind flight and hotel prices are much less expensive when booked 3 to 6 months in advance.

Fun tip: Have you thought about sixsomes? A fun way to change things up and allow you up to 180 participants (Subject to golf course and cart availability)

Book the cannons now - www.golfcannoncanada.ca

Golf Cannon Canada: add to your golf tournament for new and unique experience, adding value and speed (pace of play) to your golf tournament. A compressed air golf ball launcher – safe and fun for everyone.

To reserve the Cannon GGEM requires the following:

- Name of Tournament:
- Date of Tournament:
- Tournament Golf Course:
- Tournament Start Time:
- Anticipated number of golfers in tournament:
- \$300 non-refundable deposit

Golf Ball Cannon will safely launch anti spin golf balls up to 550 yards. Use on the #1 or #2 handicap hole to speed up play, or on a tough par 5 to give everyone the chance for a great tee-shot. This could be a fundraising opportunity as well as a sponsorship opportunity. Call Dawn to discuss.

Offer participants the opportunity to use the Cannon to tee off ball instead of the traditional tee shot with your driver or golf club. We speed up the pace of play every time.

The Golf Ball Cannon has been rigorously field tested and has launched thousands of balls with no problems, failures or concerns. This Cannon works on the same principle as a paint ball gun: powered by compressed air, the Cannon is safe and well tested. The Golf Cannon Canada team members manage the Cannons on site: staff pressurize each Cannon for every shot, then teach the golfers how to safely aim the Cannon, before loading the golf balls. Then they count down the team, and say Fire Away – always fun (and safe). PS – most asked question? Do the cannons kick? The answer: No, no bruised shoulders, no kick, just the sound of air – a nice “POP”

SAFETY and FUN – The Golf Cannon Motto!

Sponsors – Make an Impression at your booth on the golf course
